Your License. Our Expertise. Your Success.

Contractor Compliance Authority

ABOUT CCA

Built exclusively for contractors.

Contractor Compliance Authority is a compliance infrastructure and operational risk management partner. We simplify licensing, regulations, and documentation so you can focus on building.

"Your License. Our Expertise. Your Success."

License Application & Renewals

New applications, amendments, renewals — managed end-to-end.

Compliance Management

Proactive monitoring, gap identification, and ongoing oversight.

Document Preparation

Complete, accurate documentation for every filing requirement.

Consulting & Advisory

Strategic guidance on structure, expansion, and risk management.

THE CCA DIFFERENCE

Infrastructure partner, not a paperwork vendor.

APPLICATION-ONLY SUPPORT

- ✗ File paperwork when asked
- ✗ No proactive monitoring
- ✗ Reactive to problems only
- ✗ No structure or roadmap

vs

CCA COMPLIANCE INFRASTRUCTURE

- ✓ Proactive readiness monitoring
- ✓ Compliance structure built to scale
- ✓ Risk visibility and gap identification
- ✓ Ongoing accountability and support

PROCESS MANAGEMENT

Every layer of your compliance operation.

01

Licensing & Registrations

Active license tracking across all states and jurisdictions.

02

Entity & DBA Records

Entity structure, foreign qualifications, and DBA filings.

03

Qualifier Management

Responsible personnel, license status, and change management.

04

Renewal Deadlines

Proactive deadline tracking and renewal execution.

05

Insurance & Bonding

Documentation management and compliance verification.

06

Expansion Readiness

New state requirements and classification strategy.

SERVICE OFFERINGS

Tailored to your compliance footprint.

Compliance Risk Review Full audit of licensing, entity, and qualifier records — the foundation of every engagement.

Licensing Strategy & Expansion Roadmap Multi-state planning and trade classification guidance sequenced to your goals.

Compliance Infrastructure Setup Build structure, trackers, and documentation systems that scale with your business.

Monitoring & Oversight Ongoing compliance management, deadline tracking, and proactive risk identification.

Custom Setup + Monitoring Path Full-service engagement combining all elements — from discovery through ongoing oversight.

Every engagement begins with discovery. CCA recommends the right path after understanding your situation.

INVESTMENT APPROACH

Scoped to your compliance footprint.

CCA uses a compliance-footprint-aware model — no one-size-fits-all tiers. Your proposal reflects your actual situation.

WHAT SHAPES YOUR PROPOSAL

- States and jurisdictions
- Entity and DBA structure
- License types and trade classifications
- Qualifier structure and personnel
- Monitoring and ongoing needs

AUDIT DELIVERABLES

Defined outputs, confirmed up front.

Every CCA Compliance Risk Audit produces a defined set of deliverables. Scope is confirmed before work begins.

✓ Compliance Profile

Current license, entity, and qualifier status summary.

✓ Document Request List

Complete inventory of required records.

✓ Expansion Readiness Roadmap

State-by-state licensing and classification plan.

✓ Risk & Gap Summary

Identified vulnerabilities and priority risk items.

✓ Compliance Tracker

Organized system for deadlines and renewals.

✓ Priority Action Plan

Sequenced remediation and improvement steps.

EXPANSION ROADMAP

Sequenced. Actionable. Yours.

CCA builds multi-state expansion strategies tailored to your trade and entity structure — not just a list of states.

"A sequenced, actionable roadmap — not just a list of states."

01

Target States & Classifications

Requirements by state, trade, and license type.

02

Reciprocity & Endorsement Opportunities

Faster pathways for qualifying license holders.

03

Qualifier Planning

Responsible personnel eligibility and change strategy.

04

Entity Formation Needs

Foreign qualifications and DBA requirements by jurisdiction.

05

Timeline & Sequencing

Ordered by urgency, bid pressure, and deadline risk.

06

Ongoing Compliance by State

Post-license requirements and renewal cadence.
